THE TRAGEDY OF HUMAN DEVELOPMENT. A GENEALOGY OF CAPITAL AS POWER

ECONOFICTION CAPITAL, CAPITAL AS POWER, POLITICAL ECONOMY

This book explores the idea of human development as a tragedy from the perspective of capitalist power. Although the argument of this book draws heavily on critical political economy, the analysis considers interdisciplinary literature in an effort to explore how major revolutions have transformed human social relations of power and created certain path dependencies that may ultimately lead to our downfall as a species. Intellectually sophisticated and readable, this book offers a provocative genealogy of capitalist power and the tragedy of human development.
